The Seasonal Worker shall be assigned to Day Shift, Monday through Friday, and shall not be scheduled for overtime. The Company will provide the Union with the names of persons hired as Seasonal workers.

ARTICLE 4. MANAGEMENT RIGHTS

- A. The Company retains the exclusive right to manage the business; to direct, control and schedule its operations and work force and to in all respects carry out the ordinary and customary functions of management, whether or not specifically mentioned herein and whether or not heretofore exercised. Except as specifically altered or modified by the express terms of this Agreement, such rights shall include, but not be limited to, the sole and exclusive rights to: select and determine the number of its employees, including the number assigned to any particular work in accordance with management's needs; determine the scope of work of the operation; determine and schedule hours of operation; determine and schedule when overtime shall be worked; determine the methods, procedures, materials, equipment and operations to be utilized or to discontinue their performance by employees of the Company; determine the work duties of employees; promulgate, post and enforce rules and regulations governing the conduct of employees during working hours; require duties other than those normally assigned to be performed; select supervisory employees; train and cross-train employees; create, reorganize, combine or discontinue any department; establish, modify, combine or abolish job classifications; and determine reasonable work pace, work performance levels and standards of performance and productivity of the employees. - B. Failure to exercise any of the functions and responsibilities outlined herein, whether or not expressly stated, shall not constitute a waiver thereof.
- C. In the exercise of these management rights and of its other contract rights, the Company is committed to the principles of open communication and consultation with the Union. The Company will use its best efforts to communicate with the Union prior to the exercise of its rights.
- D. There shall be no restriction on the Employer's authority to install dash cameras and GPS in its equipment or on its property. The Union understands that the Employer may utilize data from the electronic data collection devices as one piece of evidence and in conjunction with other evidence in disciplinary decisions, grievance defense and arbitration.

ARTICLE 5. AGENCY SHOP

- A. Thirty-one (31) days after the execution of this Agreement or thirty-one (31) days after employment, in the case of new employees, all employees in the bargaining unit must become and remain members of the Union, as a condition of continued employment, to the extent required by law. Payment of an initiation fee, if any, and periodic dues uniformly required of all Union members shall be the extent of membership

requirements as a condition of continued employment, except as is otherwise required by law. The Company agrees to deduct Union dues upon proper authorization and remit said dues to the Union.

- B. The Company shall not be liable to the Union by reason of the requirements of this Article for the remittance or payment of any sum other than that constituting actual deductions made from wages earned by employees. The Union will defend, indemnify, and save harmless the Company from any and all claims, demands, suits, or other liability arising out of its actions in compliance with this Article

ARTICLE 6. NO STRIKE - NO LOCKOUT

- A. The parties have provided for a grievance and arbitration procedure to resolve any allegations that any Company action violates any provision of this Agreement. Both the Company and the Union agree that they will attempt in good faith to comply with the terms of this Agreement. Neither of the parties will take any action, which is destructive to the foundation of their bargaining relationship.
- B. The Company shall not lock out employees for the duration of this Agreement.
- C. For the duration of this Agreement, the Union, its officers, representatives and members shall not for any reason (including alleged violations of this Agreement or alleged unfair labor practices), authorize, instigate, cause, aid, encourage, ratify, or condone, or in any other fashion take part in any strike, slow-down or stoppage of work, boycott, sympathy strike or other concerted interruption of or interference with the operations of the Company.
- D. The Union, its officers, representatives, members and employees covered by this Agreement will not honor any picket line directed by any other organization. In the event that a picket line is established at any of the Company's facilities, the Company will take all-reasonable actions to allow safe access to the facility for the employees.
- E. In any arbitration arising out of a grievance arising out of discipline for a violation of this Article, the only issue to be decided by the arbitrator shall be whether the employee engaged in conduct prohibited by this Article. If the arbitrator so finds, the arbitrator must deny the grievance.
- F. The Union will undertake every reasonable effort to induce employees violating this Article to return to their jobs and comply with this Article during any interruption of work. The Union shall not be liable for damages for violations by the employees if the Union does not authorize, approve or sanction the activity constituting the violation; and if, upon being notified by the Company of such action, the Union promptly uses its best efforts to terminate the activity.

ARTICLE 7. NON-DISCRIMINATION

No employees shall be discriminated against by the Company, the Union, or by an employee because of labor organization membership or non-membership, and nothing contained in this Agreement shall contravene the laws and executive orders of the United States or the Commonwealth of Massachusetts.

The Company will provide equal employment opportunity for all people without regard to age; sex; race; color; creed; religion; ancestry; marital status; sexual orientation to the extent required by Massachusetts law, qualified individuals with disability; Vietnam Era Veterans or any other legally protected class. The Company further agrees that it will not discriminate against any person on the basis of any of the listed categories.

No provision of this Agreement shall be interpreted or applied in a manner inconsistent with the obligation of the parties under the Americans with Disabilities Act (ADA).

ARTICLE 8. GRIEVANCES AND ARBITRATION

Employees should attempt to resolve disputes and misunderstandings by informally referring those disputes to their immediate supervisor prior to pursuing grievance steps. The steward will be advised of the resolution of the matter if not present. In the event such informal resolution is not successful, grievances shall be dealt with in the following manner.

Grievances, within the meaning of this Article shall be only disputes about the interpretation, application or alleged violation of a provision of this Agreement. A grievance involving wages must be raised within ten (10) calendar days following the date when the employee became aware, or reasonably should have become aware, of the event-giving rise to the grievance. Any other grievance must be raised within seven (7) calendar days following the date when the employee became aware, or reasonably should have become aware, of the event-giving rise to the grievance. Failure to raise a grievance in a timely fashion shall result in the grievance being considered as withdrawn without precedential effect.

A. Step One

The grieving employee and his/her union representative shall present the grievance in writing setting forth the claimed violation of the agreement to the Project Manager. The manager shall respond within seven (7) working days. If the employee or union is dissatisfied with the manager's response, then within fourteen (14) calendar days following the Project Manager responded, or should have responded, the grievance shall be submitted in writing to Step Two.

B. Step Two

The Plant Manager, the appropriate business agent and the Chief Steward (or his designee) shall meet, discuss and endeavor to settle the matter within fourteen (14) calendar days from the date of receipt of the Union's written submission to Step Two. Provided however, that the Plant Manager and Chief Steward may agree to postpone the Step Two meeting in order to explore possible resolutions to the grievance. Within fourteen (14) calendar days of such meeting, the Plant Manager will give a written response to the grievance. The parties may mutually agree to delay the final response to a Step Two grievance. If the Union disagrees with the Company's response at Step Two, or the Company fails to respond within the time limits in this section, the Union shall submit the grievance in writing to Step Three within fourteen (14) calendar days of the Step Two response or when the response was due. Failure to elevate the grievance in a timely fashion shall result in the grievance being considered as withdrawn without precedential effect.

In the event the Company initiates a grievance, it shall be initiated at the Step Two level of the procedure. The Union may initiate grievances affecting fundamental contract

rights (and not involving individual claims) at Step Two, subject to the time limits of this Article.

C. Step Three

Mediation: If a satisfactory agreement is not reached in Step Two, the Union shall, within ten (10) calendar days of the receipt of the written decision, provide a written notification to the Company that the grieving party wishes to appeal the decision.

At a time mutually agreeable, but not to exceed twenty (20) calendar days from the date of notice of appeal, the parties will meet to agree on a written stipulation as to the specific issue(s) in dispute. The parties will agree whether to mediate the appeal or proceed directly to arbitration.

If both parties agree that the issue(s) are appropriate for mediated dispute resolution, the parties will draw up a joint letter to the Federal Mediation and Conciliation Service (FMCS) stipulating the issue(s) to be resolved and available meeting times. Upon notification by the FMCS of acceptance of the mediation request the following terms will apply:

- (i) All time limits in this Contract are waived to permit the grievance to proceed to arbitration should mediation be unsuccessful.

Proceedings before the mediator are informal and rules of evidence do not apply. All proceedings are confidential and no recordings will be permitted.

The mediator has no authority to compel a resolution of the grievance. All mediations will comply with FMCS rules. The cost of mediation will be shared equally by both parties.

- (ii) If an agreement is achieved, both parties will agree in writing to comply with the terms of the agreement reached. Such Dispute Resolution Agreement is binding. Failure of either party to comply with the terms of Dispute Resolution Agreement will be resolved by arbitration.

If the parties cannot reach an agreement during the mediation step or both parties determine that the issue(s) are inappropriate for mediation, the grieving party shall proceed to Step Five.

D. Step Four

Arbitration: If no settlement is reached in Step Three, the grieving party may request arbitration by filing a request within twenty-one (21) calendar days following the completion of Step Three. The following procedure will apply:

- (i) Within seven (7) calendar days of the filing of the request for arbitration, the Union or the Company shall request the Federal Mediation and Conciliation Service (or if the parties mutually agree, the American Arbitration Association) to furnish a list of seven (7) arbitrators who shall be members of the National Academy of Arbitrators, and who reside in the Commonwealth of Massachusetts or any contiguous state.
- (ii) The Union and the Company shall select an arbitrator from the list so provided. Each party shall have the right to reject one panel of arbitrators. The selection

shall be accomplished by each party alternately striking one name from the list. The last remaining name will be the designated neutral arbitrator. The parties shall determine by chance who shall strike the first name.

- (iii) A hearing shall be scheduled as promptly as is possible at a time and place mutually agreeable to the parties and the arbitrator shall render his decision within thirty (30) calendar days of the hearing.
- (iv) The decision of the arbitrator shall be final and binding upon the parties and shall be implemented expeditiously. The arbitrator shall have no power to add to, subtract from or modify any of the terms of this Agreement.
- (v) The fee and expenses of the arbitrator shall be shared equally by the Company and the Union.
- (vi) The time limits set forth in this article may be extended or shortened by mutual agreement of the parties.
- (vii) Agreements of the parties or their representatives at Step Two of this procedure shall be binding on the parties.
- (viii) Any issue of timeliness in a matter referred to arbitration shall be determined by the arbitrator without a hearing on the basis of a joint submission of stipulated facts. A hearing will be scheduled only if the grievance is ruled to have been timely filed.

ARTICLE 9. UNION ACCESS

A duly authorized non-employee representative of the Union shall be permitted to enter a work area where its members are employed during the hours of 8:00 a.m. to 5:00 p.m., or at other times if required by special circumstances, for the purpose of ascertaining whether the terms of this contract are being complied with, to observe employment conditions under which its members are employed and to assist in adjusting grievances. The Union representative shall notify the Plant Manager, or other designated Company representative, and secure his/her permission prior to his/her planned visit. The Plant Manager shall not unreasonably withhold permission to visit.

ARTICLE 10. UNION BULLETIN BOARD

Appropriate bulletin board areas will be set aside for Union-oriented materials. One board shall be located in the maintenance building, one in the solids building and one shall be located in the employee cafeteria. The Union is responsible for providing a reasonably secure and attractive bulletin board. Notices or materials posted which have been approved by the Union Steward, will be reviewed by the Plant Manager or his/her designee. The Plant manager or his/her designee, in his/her discretion, and for good cause, may decide to refuse to post materials that violate accepted standards of good taste. Such refusal must be reported to the Union.

ARTICLE 11. STEWARDS

The Union may designate up to three (3) stewards, one (1) of which shall be Chief Steward. Representation at Step II meetings will be limited to two (2) stewards, along with Union Business Representative(s). Upon request, the stewards may be released from duty by their Manager for purposes related to the performance of their duties in connection with the grievance procedure. The Company will use its best efforts to accommodate requests from the stewards, recognizing that any such release must be scheduled to prevent any disruption of operations. Employees shall have the right to consult with their steward, provided that such consultation shall not interrupt operations. The company will pay stewards the applicable pay rate for time spent during scheduled work hours related to grievance handling, Step II or contract negotiations.

ARTICLE 12. SAFETY, UNIFORMS, AND EQUIPMENT

- A. The Employer shall institute and maintain all necessary precautions to provide every employee a safe and healthful workplace in which exposure to hazards is minimized.
- B. Company will arrange first aid training, including CPR if possible. Adequate first aid supplies and equipment will be maintained in locations reasonably accessible to employees during the normal course of their work.

- E. The Company shall provide uniforms (including ANSI approved safety glasses, including prescription glasses if needed, and safety helmets) and/or overalls, and shall provide maintenance of same. Employees shall be properly dressed in uniforms and safety shoes at all times. All uniforms remain property of the Company. Uniforms are to be worn only during the employee's work. If uniforms are damaged due to neglect or abuse, the employee may be required to reimburse the Company for the cost of replacement.
- F. Company property to be returned upon termination/resignation. Appropriate deductions may be made from an employee's final paycheck for unreturned Company property.
- G. The Company shall furnish foul weather gear on an as needed basis. The Company shall also furnish one winter coat and one insulated coverall to each employee every odd number year of the contract.
- H. During the term of this Agreement, the Company will provide one (1) pair of steel toe, ANSI approved, safety shoes each year at no cost to the employee, from a selection of shoes chosen by the Company. Worn-out shoes that no longer meet ANSI Standard will be replaced, as approved by the Plant Manager. Rubber boots will be supplied by the Company.
- I. Employees shall not be required to operate unsafe vehicles or unsafe equipment or work in an unsafe environment. If serious concerns should arise regarding the intent of this language, such concern shall be reviewed by an emergency meeting of the Safety Committee (within 24 hours) prior to filing any grievance related to safety. It should be

understood that no one shall be required to work in a situation he or she feels is unsafe until such review has taken place. Such a request, by the employee, shall be reasonable and appropriate.

- J. The Company and Union will establish a Safety Committee to review conditions, training needs and to recommend priorities for safety. The Safety Committee shall include one bargaining unit employee from each of the two departments (operations and maintenance); the Union Safety Representative; the local Union Health and Safety Director and two representatives designated by the Plant Manager.
- K. The Company will permit access to the plant facilities and lift stations to a properly Certified Industrial Hygienist selected by the Union. Arrangements for any such visit shall be coordinated with the Company's Corporate Health and Safety Manager. - L. The Company agrees to give immediate attention to any complaints about odor or rodent problems, consistent with operational requirements and workplace safety.
- M. The Company shall provide a \$200 net tool allowance reimbursement with receipt of purchase every even year (in January) of the contract to employees who are required to furnish their own tools for the job, as a provision for wear and tear, lost or stolen tools.

ARTICLE 13. SUBCONTRACTING

The Company reserves the right to contract work or operations in whole or in part, when it determines that such is necessary for efficiency, economy, quality, emergency, or other business considerations, provided that it does not result in the layoff of bargaining unit employees, unless there is a major change in the scope of services with the Lynn Water and Sewer Commission (LWSC) and provided any layoff of an employee does not violate any agreements, regulations or rules surrounding the LWSC's contract with the Company. Also, the Company may not subcontract work in any classification for the purpose of avoiding overtime.

ARTICLE 14. BARGAINING UNIT WORK

Bargaining unit work shall be performed by bargaining unit employees. The Company agrees to use its best efforts to cross-train employees to insure that more than one bargaining unit employee is qualified to perform all jobs. It is expressly understood that the regular job duties of supervisors and managers at the Plant include the performance of bargaining unit functions, and nothing herein is intended to alter the performance of such work by persons holding such positions. The Company will not increase the amount of such work to be performed by these supervisory personnel. It is recognized that as new equipment or modifications are made, a relative increase in both the bargaining unit functions and management functions will occur.

Only bargaining unit personnel will be routinely designated for "on call" assignments. Scheduled overtime will not be assigned to management or supervisory personnel except in emergencies or unusual operating circumstances. (Note: see related Article 20H)

The following procedure will be followed for Bargaining Unit Work: Bargaining unit members currently at work will be offered right of first refusal by seniority to perform bargaining unit work as an extension of their normally scheduled shift. Operators shall be offered the extension of work

before the shift leaders. If the bargaining unit member(s) refuses the extended hours, a currently scheduled supervisor or manager may perform those duties. .

ARTICLE 15. PROBATIONARY PERIOD

All new employees covered by this Agreement must satisfactorily complete a one-hundred eighty (180) day probationary period. Management will consult with Union on any employee who management feels needs an extended probationary period. Any extension over thirty days shall be by mutual agreement and shall not be unreasonably denied.

During the probationary period an employee may be discharged without cause, and such discharge will not be subject to the grievance or arbitration procedure under this Agreement. At the request of the Union, prior to determination of discharge, the Company will discuss the discharge of a probationary employee with the employee and Union representatives.

ARTICLE 16. SENIORITY

- A. Definitions:
Bargaining unit seniority shall be defined as the employee's length of continuous service with the Company at the Lynn Waste Water Treatment Plant and its predecessors, commencing with the date on which the employee began to work after last being hired by the Company or its predecessors and possible successors.
- B. Seniority shall not be effective until successful completion of the one-hundred eighty (180) day probationary period (or any extensions thereof) provided by Article 15 of this Agreement. Upon completion of the Probationary period, the employee's seniority shall commence on his/her most recent date of hire.
- C. Seniority shall be broken by:
- (i) resignation with or without notice;
 - (ii) retirement;
 - (iii) discharge;
 - (iv) failure to report to work without prior notification to the Company for a period of three or more days, unless prevented from doing so for reasonable cause;
 - (v) failure to return to work at the conclusion of a contractual leave of absence in accordance with the applicable Article.
- D. Seniority shall accrue and not be lost during an employee's vacation.
- E. An employee shall accrue seniority while he/she is on authorized leave of absence, except as otherwise provided in this Agreement.
- F. Any employee eligible to return from a contractual leave of absence or from an absence caused by sickness, accident, or injury on the job shall be returned to work in accordance with the applicable Article, provided that the employee has not, during an absence caused by sickness, accident or injury on the job, or other contractual leave of absence taken other employment inconsistent with the asserted basis for such leave of absence.
- G. In the event an employee is offered another job by the Company outside the bargaining unit and the employee accepts such job and leaves the bargaining unit, such employee shall lose all his seniority rights under this Agreement. Employees who choose to leave

the bargaining unit will have no seniority rights to return. The Company, if they choose, may re-hire such employees as new hires with no prior seniority rights or credits. A non-bargaining unit employee who is removed from his/her position for cause may not exercise any rights under this paragraph.

- H. It shall be the responsibility of the employee to keep the Company informed of his current address and to notify the Company at once, in writing, of any change of address.
- I. Whenever permanent changes in departmental shift schedules are implemented, employees shall be allowed to select their initial slot in order of bargaining unit seniority. This includes the initial choice of days off. For purposes of rotating shifts, if utilized, seniority includes weekend selections. The Company shall poll the employees on the remaining shifts, in order of seniority, to fill openings. This shall be done and completed before any new hires come into the group. A move under this section shall be limited to a single move for filling the initial position only. No employee shall be allowed to hold up the selection process. The employee must make his/her selection within 48 hours of posting. Should an employee take more than the allotted time, a schedule will be selected for him/her in order to allow the selection process to continue. The hours may be extended by mutual agreement between the Union and the Company.

Such bids shall be effective for twelve months. Thereafter, employees will be allowed to re-bid on an annual basis, beginning on the first day of the calendar quarter preceding the effective date of the schedule change. The bid procedure for such annual re-bids shall be completed at least thirty days prior to the effective date of the change to allow an orderly transition to the newly bid shift assignments.

Should the operation of this paragraph result in alignments of personnel, which creates operational problems, the parties will meet to discuss possible solutions to the situation.

- J. The application of employees that moved from the non-exempt supervisor position to Lead Operator job classification, seniority date shall be as listed in Appendix A; however, these employees shall maintain their original hire dates as their service dates for application of benefits.

ARTICLE 17. JOB OPPORTUNITY AND TRANSFER

- A. The following procedure shall be utilized to afford all employees, on an equal basis, knowledge of and an opportunity to obtain new jobs or vacant jobs:
 - (i) Posting requirement. When there is a job vacancy, a job opportunity notice shall be posted with provision for applicants to sign. The job opportunity notice shall be posted for a period of five (5) days exclusive of Saturdays, Sundays, and contract holidays. If an error is contained in a posted job opportunity notice, the error shall be corrected, the notice re-dated, and then re-posted for the required period.
 - (ii) Contents of Notice. The job opportunity notice shall specify the classification, the shift, the necessary qualifications, the number of employees needed, the rate of pay, the date and time of posting, and the date on which the opening is to be filled.

- (iii) Signing Job Opportunity Notices. All employees, who wish to be considered in filling of jobs, shall so indicate their desire by signing the application form, which will be available in the Plant Office.
- (iv) Selection of Employee. In the selection process, the Company will take into consideration as an important factor the relative length of seniority of the employees who are qualified. Qualifications or qualified shall be defined to include but are not limited to an employee's ability to safely, efficiently, and productively perform the work to Company standards with reasonable training. It shall also include attendance record, disciplinary record, training, and certification level(s).
- (v) When No Applicants for Posted Jobs. If there are no eligible applicants for the posted job, the Company may fill the position(s) by hiring new employees.
- (vi) When Successful Applicant Shall Start Work. The successful applicant shall be placed on the job as soon as possible.
- (vii) Training. The employee awarded the job shall be given up to a twenty (20) working day period to demonstrate the ability to meet the standards for the job. During the twenty (20) day period, which may be extended by mutual agreement of the Company and the Union, the employee may choose to return to his/her former position. During a successful bidder's training period and/or extension thereof, the Company need not post the vacated job and may temporarily fill the vacant position without regard to the posting provisions or to the temporary transfer provisions of Paragraph B of this Article.

Return to Former Basic Assignment. If Management returns an employee to his former Basic Assignment because he/she cannot demonstrate the ability to meet the requirements of the job, such return shall be made within training period (or any extension thereof) provided in Paragraph (vii). During this period (or any extension thereof), the employee may elect to return to his/her previous job classification. In either case, written confirmation of the return shall be signed by the employee, and a copy provided to the Union. If the successful bidder returns to his/her previous basic assignment as provided in this Paragraph, the job opportunity shall be filled from the persons who signed the original posting.

- (ix) Limitation on Job Bids. An employee awarded a bid may not be permitted to bid to another new job opportunity for a period of nine (9) months after completing the Training period provided in Paragraph (7). Exceptions may be made for jobs with licensing requirements.

B. Temporary Assignment

- (i) Twenty workdays or less. When management determines that it is necessary to transfer an employee for any reason, he/she may be assigned temporarily from his/her job classification to other job classifications for periods of twenty work days or less, including for training purposes.
- (ii) Greater than twenty days. Temporary vacancies greater than twenty days shall be filled by using the job bidding procedures of Article 17. This does not apply when the Company is covering for unusual absenteeism or vacations, in which case Section B (i) shall be used.

- (iii) Temporary Shift Reassignments. In the case where employees are needed on another shift, management will fill those positions by asking qualified employees to volunteer, in order of seniority. At the time of transfer under this Paragraph, the duration of the assignment will be specified. If the period is extended beyond the specified period, the employee volunteering to accept the assignment shall have the option to return to his/her regular shift. If there are no volunteers for the other shift, the Company may require the least senior qualified employee to fill the vacancy.
- (iv) Temporary Assignment to Higher Classification. An employee temporarily assigned to a higher classification will receive the normal wage rate for the higher classification beginning on the first day. An employee temporarily assigned to a lower classification will receive his/her regular rate of pay for time worked in the lower classification.

C. Transfers of personnel under Section B. will be made only for bona fide operational and business requirements. The employee may request an opportunity to review the action with the Plant Manager. An objection to the transfer or request to review the action shall not permit the employee to refuse the assignment. The review meeting shall be held within two working days and shall not preclude the employee's options under the grievance procedure.

ARTICLE 18. LAYOFF AND RECALL

A. The Company and Union agree that any reduction in force will be achieved through attrition, a permanent voluntary layoff, or layoff due to a major scope change as described in Article 13. Both the Company and the Union may approve a voluntary layoff, if there is mutual agreement, on a temporary or permanent basis.

With respect to a permanent voluntary layoff any affected employee will receive severance pay of twelve (12) weeks and maintain participation in the Company benefit programs during the severance period.

With respect to a temporary voluntary layoff of up to one (1) year, such employee shall fall under Article 21.F. (i) and F. (iii) provisions.

In the event of major scope change and a reduction of employee(s) become(s) necessary as a result, it shall be accomplished by using the following procedure:

- (1) Employee(s), in classifications to be impacted by such reduction, shall be polled by seniority (high seniority first) for a voluntary opportunity to retire and/or take a permanent layoff, voiding out all recall rights. Any employee choosing such option shall receive fifteen (15) weeks of severance and three (3) months of company paid COBRA medical, vision, and dental insurance.
- (2) If any further reductions are necessary after following the procedure in A. (1) above, layoffs will be issued in seniority order (low seniority first) within the classifications being reduced. Employees in a forced layoff situation may voluntarily submit to layoff under provisions in A. (1), thereby voiding any and all recall rights. Further, all wages and other benefits to be received by employees are contained in this Agreement. Therefore, the Employer and the Union, for the life of this Agreement, each voluntarily and unequivocally waives the rights, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this Agreement, or which the parties discussed prior to the execution of this Agreement.

- I. For the purpose of this Memorandum of Agreement, all employees coming under the work classifications covered by this Agreement shall be considered covered by the collective bargaining agreement as of their first day of employment with the Employer, regardless of such trial or other waiting periods as may apply to other sections off the bargaining agreement.

Following the current Lynn RWPF Contract Bargaining Agreement (CBA) between Veolia Water North America (the Company) and (IUE-CWA) AFL-CIO, Local 201, Lynn, MA (the Union), it has been mutually agreed upon by both parties that the currently vacated Laboratory Technician Position shall be filled with a minimum Massachusetts Grade 4 Industrial Wastewater Treatment Plant Operators Licensed person and said individual will be in responsible charge of the Industrial Pretreatment Program (IPP) due to contractual obligations between the Company and the Lynn Water & Sewer Commission (LWSC).

Furthermore, position interviews have been conducted and evaluated and the Company would like to extend the position to O&M Technician III, Joseph Palczynski.
